

VALKEA

OUTDOOR SAUNA RANGE

Introduction

With the Valkea Outdoor Sauna product range you can make your dreams come true.

Our specially chosen designs for Outdoor Saunas are sure to provide the perfect solution/

Quality is assured with our 5 year guarantee.

Social Responsibility

Although wood is a sustainable and regenerative natural resource, forestry requires careful and responsible management. An uncaring and irresponsible attitude towards forestry management will inevitably harm our environment significantly.

The mark of responsible forestry

We all have heard stories about the loss of some rain-forests, but this concern applies equally to our Nordic and Cedar forests as well.

Valkea is FSC certified ensuring that we use wood from responsibly managed forests.

Our Mission

With our product range, we offer as broad a range as possible to enable you to have a sauna installation that fits perfectly with your lifestyle.

Alongside our standard brochure models, we're able to offer a bespoke Sauna service offering made to measure solutions for our customers.

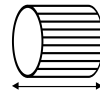

5 Years Warranty

We are sure about what we do and therefore we give 5 years guarantee to all our products. Our products are well known for their quality. We also process and package our products using the latest technology and machinery.

We'd be delighted to begin your Valkea experience today.
